

Flying Near or Crossing the US/Canadian Border?

Here is the Information You Will Need!

Three speakers from the US Border Patrol, Customs and Homeland Security will give three briefings on the rules and regulations that cover flights across or near the Canadian border. There is a watchful eye on the northern border of the US for a good reason. Times have changed and we have new rules to follow. This is the place to find out about the new regulations that pertain to your next flight near the northern border.

Directions: Go Eastbound on SR-20 towards Colville. Just after passing the Colville High School the airport entry will be on the left side.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
